

TASS - A Parent Guide to Pastoral Care notifications

2021

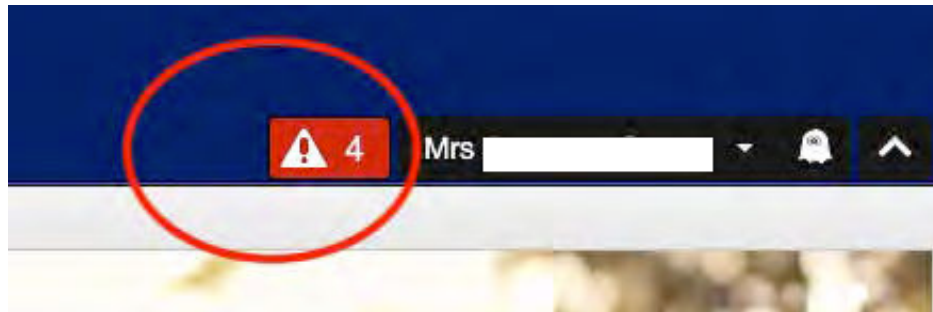

In March 2021 Waverley moved to a new Parent Portal hosted by the TASS Student Administration System. As a result parents no longer use the old Sentral portal for accessing School and student information.

The TASS platform provides access to a range of information including the ability to view notifications of pastoral care incidents that involve your son.

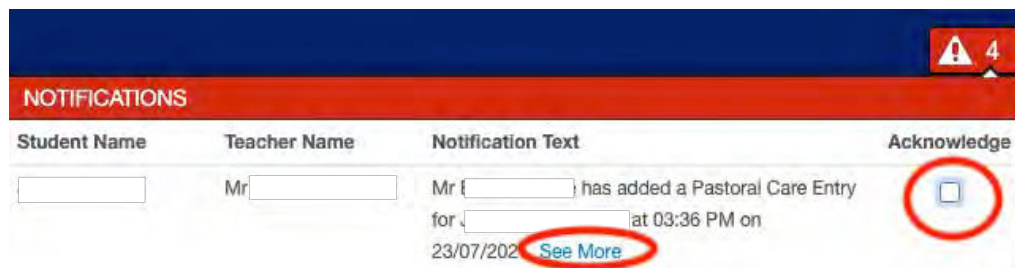

- Log in Parent Lounge at <https://tass.waverley.nsw.edu.au/parentlounge> with your Family ID & Password

- Click on NOTIFICATIONS on right top corner in Parent Lounge

- Tick **Acknowledge** first, then click [See More](#) to read the pastoral care note

If you require further assistance with the Parent Portal or you have a questions regarding the functionality please contact the iAssist Team by sending an email to iAssist@waverley.nsw.edu.au
