

Careers News September 7, 2021

UOW | Open Day 2021

Saturday 25 September 2021, 10am - 3pm

University of Wollongong, Wollongong Campus

UOW have rescheduled their Open Day event to Saturday 25 September.

At UOW's Open Day you will receive all the information you need to start at UOW in 2022. Get your questions answered by our experts, learn more about UOW courses and entry requirements, roam the campus facilities or book a personalised on-campus tour. Please note that UOW Open Day complies with the relevant COVID-19 safety plans as outlined by NSW Government Health.

This is your chance to get all the information you need to start uni in 2022.

- Speak with UOW students and experts
- Discover our [high-achiever programs](#)
- Find out about our [scholarships](#)
- Explore your new home with a look at [UOW accommodation](#)
- Look at your options with [UOW's pathway programs](#)
- Advance your career with [postgraduate study](#)
- Take your next step as a [non-school leaver](#)
- Find your [campus](#)
- Learn how to [apply](#)

Find out more: <https://www.uow.edu.au/openday/>

UOW College | Online Info Session

Wednesday 15 September 2021, 5pm - 6pm

Online

Want to get into uni? Use your time wisely and get started on your pathway to UOW. UOW College offer pathway courses that can guarantee entry into a range of bachelor programs, some with direct entry into the second year. Please join us for our upcoming online info session to find out more about our range of courses, scholarships and how to apply at the Wollongong, South Western Sydney, Loftus, Southern Highlands, Bega, Batemans Bay and Shoalhaven campuses. Staff will be available on the night to answer your questions.

Find out more: <https://studentservice.uow.edu.au/Portal/Events/EventDetails?eventId=7026a598-35e8-eb11-8182-005056812c00>

Macquarie Leaders and Achievers has Reopened

At Macquarie University, we recognise the anxiety and uncertainty many Year 12 students face due to the current situation. We understand there is some concern around university offers and planning for tertiary and HSC studies, as well as planning for attending university.

We have always considered students to be more than their ATAR. That's why we have multiple entry pathways to a degree.

One of our most popular pathways is the Macquarie Leaders and Achievers Early Entry Scheme. Given the current situation in NSW, we have reopened this scheme for Year 12 students. **Applications are now open and will close on Sunday 19 September.**

Students can also still apply for early entry to Macquarie through the Schools Recommendation Scheme, which also closes on Sunday 19 September.

The Future Students Contact Centre is open 9am – 5pm, Monday to Friday to help with any enquiries students, teachers or parents may have. Phone (02) 9850 6767 or email futurestudents@mq.edu.au.

Find out more:

<https://www.mq.edu.au/study/admissions/entry-requirements/domestic/macquarie-entry/macquarie-leaders-and-achievers>

Macquarie Open Day now On Demand

We hope you were able to join us on Open Day! If you want to check anything out again or weren't able to join in Open Day Streamed on 15 August, it is now available on-demand until 11 September.

View recordings of our live segments, download information guides and booklets, review our extensive list of FAQs (you may find answers to questions that you never thought to ask!).

If you still have questions and would like to speak to one of our team, you can live chat with us on our Open Day page and the Macquarie website or book a one-on-one Zoom consultation with us here: <https://page.mq.edu.au/personal-consultations-booking.html>

Find out more: <https://opendaystreamed.mq.edu.au/>

UAC Applications for 2022 are open

If you're a student in NSW or ACT and are thinking of studying at university in 2022, the Universities Admissions Centre (UAC) has announced that applications for undergraduate students have opened. You can apply for undergraduate courses, the Educational Access Scheme, Schools Recommendation Scheme, and Equity Scholarships.

UAC has emailed all students a UAC PIN, which is used along with your NESA number to login and access UAC's services. All semester 1, 2022 courses will be available from **August**.

Early bird applications will close at midnight on **Thursday 30 September**

See more upcoming dates and find out more about UAC Admissions here:

<https://www.uac.edu.au/key-dates>

Educational Access Scheme

Educational Access Schemes (EAS) aim to help students who have experienced significant educational disadvantage receive an offer to university.

COVID-19 Disaster Payments have been added to the financial hardship category.

Applicants can now claim financial hardship if a parent or guardian has received COVID-19 Disaster Payment for at least three months.

This is in addition to the existing provisions for applicants whose parents or guardian received JobKeeper payments.

Please note that the University of Sydney is not accepting EAS applications under this category.

<https://www.uac.edu.au/current-applicants/educational-access-schemes>

<https://www.uac.edu.au/future-applicants/scholarships-and-schemes/educational-access-schemes/disadvantages-and-documents>

SRS Reminder - Final Date for Students to Submit

19 September SRS: Applications close for 2021

Steps to completing your SRS application

Before you can apply for SRS, you need to apply for undergraduate admission through UAC. When you do, you'll be issued with a UAC application number, which you'll need to commence your SRS application.

There are no fees to apply for SRS, but there is processing fee when you apply for undergraduate admission through UAC.

1. Log in to the SRS application using your UAC application number and PIN. A series of questions and prompts will then guide you through the application process.
2. Enter your Year 11 studies, if prompted to do so in your application.

Applicants in the NSW and ACT school systems: You usually don't have to provide results of your Year 11 studies with your SRS application as UAC obtains them directly from the relevant educational authorities. If you are not prompted to enter your Year 11 studies or to provide documents there is no need to do so.

All other applicants: Enter the details of your Year 11 studies and upload a PDF of your Year 11 school report. If you don't have the PDF ready to upload when you first apply, upload it later by logging back in to SRS Check & Change (which you also access from the UAC website). You must upload your school report in order to have your studies assessed and considered by institutions as part of your SRS application. Uploaded documents cannot be edited or deleted but can be replaced up to three times.

3. Upload institution-specific documents, if required.
4. Review your application summary.
5. Accept the **declaration**.
6. Download your Confirmation of Application.

You can only submit one SRS application.

Nominating your course preferences

You don't need to nominate any courses in your SRS application because it is automatically linked to your list of course preferences in your UAC application for undergraduate admission.

https://www.uac.edu.au/current-applicants/schools-recommendation-schemes?utm_medium=email&utm_campaign=Directions%20July%202020&utm_content=Directions%20July%202020+CID_ae8ec69d507c97a630ba4614f76ec32c&utm_source=Email%20marketing%20software&utm_term=Schools%20Recommendation%20Schemes

UTS Engineering and IT Early Entry Program – Edge

The University of Technology Sydney is offering a new early entry pathway for students passionate about Engineering and IT – Edge.

The Edge Program allows you to receive a conditional offer to university based on more than your ATAR, before you even sit exams. Your application is based on your Year 11 results, with potential bonus points added for:

- Your portfolio outlining your passion for Engineering and IT
- Your STEM subject results

If your application is successful, you'll receive an early conditional offer to study either Engineering or IT at UTS in 2022. For your offer to become unconditional, you need to finish Year 12 with a minimum ATAR of 69.

Applications for the Edge Program open 10 August and close 12 September, so mark down the date and get your applications in ASAP.

Find out more about the Edge Program here: <https://www.uts.edu.au/about/faculty-engineering-and-information-technology/early-entry-program-edge>

UTS Elite Athlete or Performers Scheme

Are you an elite athlete or performer who represented your school or state at a national level competition/event?

Has your study been impacted because of this? If you answered yes to both of these questions, you may be eligible for a five-point adjustment to your Selection Rank .

<https://www.uts.edu.au/node/260596/elite-athletes-or-performers>

ACU Guarantee – Applications Open Now

Applications to ACU's Early Entry Program, ACU Guarantee, are now open for 2022 admission.

How does it work?

By using your Year 11 results, ACU can predict a selection rank and make an offer accordingly. As part of your application, you may also choose to provide personal statements that give ACU insight into your circumstances and motivation for university study to improve your entry score for ACU Guarantee. Tips for writing your personal statement are available [here](#).

As part of ACU's commitment to removing barriers to university participation, the following factors will be considered alongside your academic results to calculate your predicted selection rank:

- Do you live in a rural or regional area?
- Are you attending a school that has a strong relationship with ACU?
- Do you identify as Aboriginal and Torres Strait Islander?
- Are you the first person in your family to attend university?

Students in Year 12 from around Australia are encouraged to apply. Offers will be made on a rolling basis from early July.

Applications close Friday 24 September.

Find out more: <https://www.acu.edu.au/study-at-acu/admission-pathways/acu-guarantee>

Macquarie University | COVID-19 Impact Points

Macquarie recognise the significant impact this pandemic has had on students and the stress related to university entry for 2022.

To reassure Year 12 students, all applicants applying for a Session 1, 2022 undergraduate degree will automatically receive five COVID-19 Impact Points to boost their selection rank.

Prospective students will not have to apply for these additional adjustment factors as they will be automatically applied via their Universities Admission Centre (UAC) application.

Find out more: <https://www.mq.edu.au/study/high-school-students/getting-into-university/adjustment-factors/covid-19-impact-points>

UTS Adjustment Factor Caps

You may apply for and receive adjustment points from more than one admissions scheme (check each scheme for eligibility criteria) but some faculties at UTS apply a cap to the total number of adjustment points that you can receive for their courses:

Business – 10-point cap

Design, Architecture and Building; Engineering and IT – 13-point cap

<https://www.uts.edu.au/futurestudents/undergraduate/admissionrequirements/admissions-schemes>

UTS 2022 intake update for Year 12 students

UTS understands that there has been considerable disruption to your studies due to COVID-19 and some of you are feeling uncertain about how your plans to start at university in 2022 will be affected. We're committed to ensuring you have clarity about your path to uni and that you are supported through an equitable admission process. Year 12 students can apply for our admission schemes, including the educational access schemes (inpUTS) and Schools Recommendation Scheme. Both these schemes are aimed at helping Year 12 students gain equitable entry into university by taking into account specific personal circumstances along with your ATAR when considering your application. The first offer round for current school leavers is December Round 2.

<https://www.uts.edu.au/futurestudents/undergraduate/admissionrequirements/admissions-schemes>

University of Sydney | Pathways to the Sydney Law School

Wednesday 22 September 2021, 4pm - 4:45pm

Online

Are you interested in studying law at Sydney? Join our webinar to learn the different pathways to our law degrees and what opportunities our degrees can offer you. We'll also hear from some of our current students and ask why they decided to study law at Sydney. They'll also share their experience of what it is like studying at Sydney Law School and the opportunities they're most looking forward to taking advantage of.

Find out more: https://uni-sydney.zoom.us/webinar/register/WN_ZdYhYoLDRFy912oZywHCnQ

University of Sydney | Portfolio Pathway Workshop

Wednesday 15 September 2021, 4pm - 4:45pm

Online

In this webinar we'll give you the chance to hear from the experts who will be assessing your portfolios as they take you through the dos and don'ts for an exceptional submission. You can ask them how to select your works, the best way to present them and how to communicate your passion for design. Successful applicants will receive five extra points on their chosen undergraduate degrees within the Sydney School of Architecture, Design and Planning.

Find out more: https://uni-sydney.zoom.us/webinar/register/WN_2xcV4ZzKR-2HI7ORzKxpmg

Study Work Grow Co-op Scholarships Guide

More than just money, a co-op scholarship can provide you with tons of extra benefits, including guaranteed accommodation, mentoring opportunities, access to exclusive resources, and so much more.

If you're interested in applying for a co-op scholarship, don't forget to take a look at our new [2022 Co-op Scholarships PDF Guide](#). It's packed with all the info you need to know about co-op programs available around Australia.

University of Sydney Mathematics Prerequisites

The University has [mathematics course prerequisites](#) for some courses. This means that to study certain degrees, students will need to achieve a Band 4 in the NSW Higher School Certificate (HSC) Mathematics (not general mathematics) or [equivalent](#).

- If students don't meet the mathematics requirements, they may be able to:
- complete the [Mathematics MOOC](#) (Massive Open Online Course) and exam
- apply for another course and then transfer into their preferred course in their second year (after successful completion of an accepted 1000 level mathematics unit).

<https://www.sydney.edu.au/study/how-to-apply/undergraduate/mathematics-prerequisite.html>

UNSW HSC Maths Course Selection

While we encourage everyone to study the level of maths at which they feel sufficiently challenged, below are some guidelines for the minimum level of maths required for some of our degrees. Please also see Assumed Knowledge for more information. Studying at least HSC Mathematics Extension 1 will leave your options open when you choose your university degree. Knowledge of mathematics is a useful skill in any profession, even if it is not required for a particular course. No doubt, you will have to use mathematical tools such as graphs and statistics for the rest of your life. Learning mathematics also teaches you to approach problems in a systematic and logical way. This is a transferable skill that is particularly important in project management and it is an important skill for life. <https://www.maths.unsw.edu.au/highschool>

ACU's Support for Year 12 Students

ACU knows that completing Year 12, particularly during a global pandemic, can make an already new experience that little bit more intimidating. If you're feeling overwhelmed about the unknown, head to our webpage to discover all of the help and support we offer Year 12 students.

You can access information about:

- ACU Guarantee
- Adjustment factors and access schemes
- Campus tours
- Year 12 revision webinars
- Study at ACU webinar series
- Talk with Industry webinar series
- Change of preference

Access this information and more here: <https://www.acu.edu.au/study-at-acu/support-for-year-12-students>

Campion College | Virtual Open Day 2021

Tuesday 28 September 2021, 10am - 5pm

Online

Join us for Campion's Virtual Open Day! If you're thinking about enrolling as an undergrad with us in the near future, this is the perfect opportunity to find out more about Campion College and our liberal arts degree.

Gain access to our prospectus, course guides, a live-lecture and on-demand presentations. Our Student Recruitment Manager will also be available all day via live-chat, phone and email to answer your questions.

Find out more: <https://www.campion.edu.au/virtual-open-day/>

Patrick's College Australia – 2022 Applications Open Now

Patrick's College Australia is accepting applications for the February 2022 cohort of Diploma of Business students.

Early Offers for Year 12 Students | Wentworth Institute

The Wentworth Institute of Higher Education are making early offers to eligible Year 12 students.

If you're feeling anxious about what lies ahead after high school, having an early offer in your pocket could take some of the pressure off.

In addition to your early offer, successful applicants will also benefit from 40 hours paid relevant work experience per semester. Which could help you to develop work ready skills, get industry networking, put your learning to use while you're still completing your degree, and look great on your resume.

You can choose to study one of the following:

- Bachelor of Business
- Bachelor of Business (Professional Accounting)
- Bachelor of Information Technology
- Bachelor of Interactive Media

To apply for an early offer simply complete the early offer form <https://www.win.edu.au/future-students/how-to-apply/early-offers-to-year-12-students-application/>

Applications close 30 September 2021

For more information head to <https://www.win.edu.au/> or call them on 02 8252 999. You can also email them at info@win.edu.au.

AIE | Information Evening, Sydney

Sydney: Wednesday 15 September 2021, 6pm - 8pm

Online: Wednesday 15 September 2021, 7pm - 8pm

Academy of Interactive Entertainment (AIE), Wattle Street, Ultimo NSW, Australia

Discover the courses designed to get you started in game development, 3D animation and visual effects at the AIE Information Evening. The evening will include presentations on different areas of industry to get into as well as information about AIE full-time and part-time courses and entry requirements. Student work will be on display and our teachers will be available to speak with you one on one about our courses and how AIE can get you into a creative career.

Find out more: https://aie.edu.au/aie_event/information-evening/

AFTT | Open Day

Saturday 18 September 2021, 9:30am - 2pm

Academy of Film, Theatre & Television, Surry Hills

Experience Australia's most exciting creative arts academy, where taking risks is expected, pushing boundaries is encouraged, and collaboration is key.

If you're searching for information about a career in Film, Acting or Theatre Production then come along to our open day in May and learn how to build your creative future.

You'll be able to soak up the culture, learn about the best way to finance your studies, meet our tutors and speak to current students about their experiences. Find out why AFTT is now Australia's most contemporary fully immersive arts academy. Don't miss out.

On the day you'll be able to:

- Explore our Acting, Film and Theatre Production departments
- Explore the campus facilities
- Speak to current students to get a genuine insight of the course you are interested in
- Find out more from the tutors who run the acting, filmmaking and stage management departments
- Learn about VET Student Loans and how to best finance your studies

Find out more: <https://www.aftt.edu.au/events/open-days/september-open-day>

AFTT | Online Info Night

Wednesday 22 September 2021, 5pm - 6:30pm

Online

Come along to our online info night and learn how to build your creative future in film, theatre and television. Our Information Night will provide you with a more intimate and relaxed setting for you to ask our course advisors, tutors, alumni and students any questions you might have about studying at AFTT or pursuing a career in one of these growing industries. Come and learn all about the values at AFTT and why we are the best at what we do!

Find out more: <https://www.aftt.edu.au/events/open-days/online-info-night>

Explore Teaching

<https://www.teach.nsw.edu.au/exploreteaching>

William Angliss Institute | Interview Skills Workshop

Wednesday 22 September 2021, 11am - 12pm

Online

A job interview is the most important step you'll take in your job search journey.

It's your best chance to show the Hiring Manager or Recruiter that you're the best person for the job. Put yourself in the best position possible, stand out from the crowd and start the career you love!

In this workshop, you will learn about:

- Types of interviews
- What & how to prepare before an interview
- Strategies to answer interview questions
- How to present during the interview
- Four reasons why you are unsuccessful in job interviews

Find out more: <https://www.angliss.edu.au/events-hub/past-events/interview-skills-workshop/>

Basair | Pilot Career Webinar

Sunday 19 September 2021, 7pm - 8:30pm

Online

In this free & interactive Pilot Career Webinar, you'll learn everything you need to know about a career as a Commercial Pilot.

Find out more: <http://www.basair.com.au/Events/Register/209>

Sydney Flight College | Open Day

Saturday 9 October 2021, 9am - 4pm

Sydney Flight College

Whether you are looking to learn to fly for fun, or even kick-start your professional flying career, look no further than SFC. We have been training pilots for over 50 years, and we love what we do. Operating out of state-of-the-art headquarters at Bankstown Airport, this is your opportunity to view our facilities and fleet, sit in our aircraft, have a go on our full-motion flight simulator, and have an in-depth chat to our course advisors who will be able to answer all your aviation questions. Tours will last up to an hour.

Entry is free of charge, and we even have a complimentary all-day BBQ to keep your hunger at bay. Heavily discounted Trial Instructional Flights will be available for sale on the day.

Find out more: <https://www.sfcaero.com.au/about-us/open-days>

What is ADFA ?

Receive service training while studying for your degree, earn a salary while learning, and graduate with a rewarding job and no HELP debt. Forged from a unique partnership between the ADF and the University of New South Wales, the Australian Defence Force Academy offers world-class education plus cutting-edge military and leadership training. On our Canberra campus, in addition to being expertly trained in the art of leadership and management, you'll undertake a degree in Arts, Business, Engineering, Information Technology, Science or Technology.

Consider an Engineering career in the Navy, Army or Air Force and keep Defence weapons, vehicles, aircraft, ships and infrastructure operating safely and effectively.

Join us for a virtual info session to learn more.

Find out more: <https://www.defencejobs.gov.au/events/events-detail/s7z6rcb>

Police Recruitment Process

Learn about the process and the requirements here:

<https://www.police.nsw.gov.au/recruitment>

Why You Should Consider an Apprenticeship

If you're not 100% sure what you want to do once school is over, but don't think uni is the answer, you might want to consider an apprenticeship.

Careers look different to how they used to – once upon a time you picked uni, a trade, or a job, and that was pretty much it for the rest of your working life. Now, tradies get degrees in management, uni graduates learn trades to round out their qualifications, and a quarter of all Australian students are learning part time while they work or raise a family.

Apprenticeships and traineeships are great because you generally don't need a lot of skills or knowledge when you start, you'll get quality on-the-job training as well as classroom-based training. Plus, you'll be earning an income all along the way.

That way, when you finish, you'll have all the skills you need to work independently, as well as a formal qualification to prove how awesome you are.

[Read the rest of the blog to find out more about why you should consider an apprenticeship here.](#)

HIA Building Apprenticeships

Whether it's running your own business, taking over the family company or being the best tradie in the area, we can help you get there. [Find out more](#)

You will learn your trade on the job and attend trade school to gain additional knowledge and skills through accredited courses. [Apply now](#)

HIA Apprentices offer apprenticeships in
bricklayer

- cabinetmaker
- carpenter
- painter and decorator
- solid plasterers and wall and ceiling fixers
- tiler

<https://hia.com.au/products-services/apprentices/why-choose-HIA-apprentices/what-apprenticeships-HIA-offer>

Apply here:

<https://hia.com.au/products-services/apprentices/why-choose-HIA-apprentices/how-do-I-apply>

Master Builders Become an Apprentice

Master Builders Apprenticeship Service is a Group Training Organisation, who employs apprentices and trainees to place them with tradespeople, builders and contractors within the Building and Construction Industry for on-the-job training in their trade.

We're always looking for great people looking to start or continue their apprenticeship or traineeship with Master Builders!

NECA Electrical Apprenticeships Expression of Interest here:

<https://www.necatrainng.com.au/electrical-apprentices/expression-of-interest/>

NECA Electrical Practice Tests

NECA have put together resources to help Students prepare for Aptitude tests in the electrical Industry.

To be an electrician requires you have to be able to make calculations relating to electrical design. It is important to have a good understanding of sums, algebra, geometry and trigonometry. Working with Electrical can be hazardous when miscalculations occur.

Geometry comes into play when calculating cross sectional areas of cables and algebra is used when calculating current (Amps) and electrical loads.

Trigonometry comes into play when you start to look at capacitance and magnetism.

Below we have listed a number of link to Aptitude tests, we strongly recommend you practice these tests prior to sitting your aptitude Exam.

Practice Tests:
