### UTS | Year 10 Subject Selection Webinar

Wednesday, 18 May 2022, 6pm - 7pm

Online

Considering studying at university after the HSC? But unsure of which subjects will help you get there?

The UTS Business School Year 10 Subject Selection information session will walk you through the HSC subject selection process, with tailored information and advice from UTS staff and current students, so that you can make an informed decision about which subjects to study for the HSC and how your subject choices can lead to your dream degree at UTS.

On the night, you will have the opportunity to ask our staff and current students questions during the audience Q&A, and we encourage parents and carers looking for information and advice on how to support their child during the subject selection process, to also join the session!

### UOW | Information Evenings

**Southern Sydney:** Monday, 16 May 2022, 6pm

**Wollongong:** Tuesday, 17 May 2022, 6pm

**Sydney:** Wednesday, 18 May 2022, 7:30pm

You might know what degree you're interested in and the ATAR you need, but there's much more to choosing a university.

You'll need to know where you're going to live, how much it will cost, how you will make friends and more. We know, because we asked the exact same questions when we were in Year 12!

The information evening is designed to cover the big questions and topics that students and parents need to know about, before applying to uni.

Register for Southern Sydney: <https://mkto.uow.edu.au/SouthernSydney-Info-Evening-Rego-2022.html>

Register for Wollongong: <https://mkto.uow.edu.au/Wollongong-Info-Evening-Rego-2022.html>

### **University of Wollongong - Early Admission**

Applications Open 18 July - 12 August

All shortlisted applicants will be advised of their Early Admission outcomes on 10 October 2022, before the NSW HSC exams commence.

UOW Early Admission is our early offer program for students completing Year 12 (Higher School Certificate or other Australian equivalents) during 2022. When you apply for Early Admission, UOW looks beyond your ATAR, and considers your unique skills and experiences, alongside your Year 11 results, so you can earn an offer to uni before you sit your first exam.

Getting into UOW early, means less stress for you at that time, and provides you with the certainty that next year you'll be studying at a uni.

#### **Five steps for your application**

\*Check your eligibility. If you are studying at an Australian high school, completing the HSC, the International Baccalaureate (IB) or an equivalent, you are eligible to apply

\*Choose up to two courses

\*Complete your application online

\*If you are shortlisted for consideration, you will be invited to attend an interview or online session

\*Breathe, stress less and focus on your final exams.

### **ANU - Changes to direct application admissions for 2023**

Due to the disruptions caused by COVID-19, we have adapted our admissions process for undergraduate study at ANU in 2023.

We will make offers based on Year 11 results on 5 September 2022, and these will be honoured for study in 2023, as long as students have completed Year 12 with an ATAR.

Learn more about these changes and how it may affect your application, the co-curricular and service requirement, or program pre-requisites in our admissions FAQs.

These changes do not apply to non-school leavers and/or those who did not study an Australian Year 12 or International Baccalaureate (November Session) program. The information on this page is related to study in 2023.

### **Applying and studying in the UK**

What it's like to study in the UK as an international student, and how to apply to a UK university.

The UK is one of the world's most popular destinations for international students.

Undergraduate applications to UK universities are usually made through the Universities and Colleges Admissions Service (UCAS).

Postgraduate applications are normally made direct to the university, usually via the university website.

International students should make sure you get your application in well before the deadline, particularly if you want to study at one of the UK's top universities. Check individual university website course pages for details of how to apply.

You'll need to be aware of visa conditions, English language requirements and work permit restrictions.

Use this guide as well as other information and advice found across our website. Our UK university rankings are a good place to start.

## PCA Business Cadetships Program

For Year 12 students who are interested in **business**, why wait until you finish university to launch your career? Secure your future now, by applying for a cadetship under the Business Cadetships Program. Cadetships are open to students from all schools.

**Business Cadets** combine study at the university of their choice in Sydney with paid work at either **UBS, Barrenjoey Capital Partners** or **Macquarie Group** in Sydney. These companies are leaders in the financial services industry.

As a cadet, you may choose from a wide range of degrees, including economics, commerce, business, actuarial studies, computer science & technology, mathematics and the humanities. In 2022, the Business Cadetships Program offers exciting cadetship opportunities in a range of business areas at participating companies. You will work alongside world-class professionals and be well remunerated.

By studying and working at a leading company from the start of university, cadets earn a competitive advantage over students who delay work until after university. Only current Year 12 students can apply, so this is your once-in-a-lifetime chance to take advantage of this unparalleled opportunity!

## Searching for your dream course

Looking for the perfect course to study? Going through every single university website and seeing if they offer the course you want, can be tedious. Thankfully, you don't have to do that. This is where [Course Seeker](#) comes in.

### What is Course Seeker?

Course Seeker is a comprehensive database of tertiary courses on offer from universities and private providers across the country. It makes it easy to find your dream course. You can filter your search by subject area, location, duration, qualification level, institution type, and more.

You can also see the entry requirements for each course, so you can work out which courses you might be eligible for in a flash. You also get other handy info, like the course duration, whether you can study part-time, and the campuses where the course is offered.

You can also add courses to your shortlist, which lets you easily compare them when you're trying to make a decision. In your shortlist, you can also compare indicative course fees, whether or not Commonwealth Supported Places (CSPs) are available, and if there are any prerequisites, plus more.

And if you click on a course, you can see all the information you'll need, including majors, extended admissions criteria, the date the course will start next, and more.

## National Skills Commission NERO Data Dashboard

The National Skills Commission (NSC) **Nowcast of Employment by Region and Occupation (NERO)** dashboard, provides data on employment levels, both by job and location. It's a great way to see how the landscape of jobs has changed across Australia, and how it might change into the future.

You can search 355 occupations across 88 regions in Australia. Until now, this type of data was only readily available every five years, as part of the Census. With NERO, this information is right at your fingertips.

### What can you do?

The NERO dashboard lets you search for your dream job, and then see how employment in that job has changed in different areas. It's a handy way of easily seeing trends in employment, as well as maybe even predicting future trends. You'll also see a map of Australia that shows you the different growth trends in different regions. Want even more detail? You can select a specific area and view employment trends for just that area too.
