

WAVERLEY COLLEGE

Waverley iAssist Hotswap release form

This form is being issued as a device has been reported to iAssist as having a technical issue. The device will be assessed by an Apple Technician to determine if an insurance claim will need to be made or whether the issue can be repaired under warranty. If an insurance claim is required you may be asked to complete an iBroker claim form and be asked to pay \$125 excess

Hotswap units are inspected before being issued to students to ensure they have no major damage and that hardcover are fixed correctly to the unit. If they are subsequently returned damaged or with missing / cracked covers parents maybe asked to pay for replacement/repair.

Please complete the sections below and return to the Deputy Head of College. Once the form has been signed and returned to iAssist a hotswap device will be issued.
