UNSW Co-op Applications

Online Application Closes Friday, 30 September 2022

Value: \$19,600 AUD per year

Open/Closing Dates: May 1, 2022 – September 30, 2022

The first step is to Register Online to start your application. The earlier you do this, the longer you'll have to work on your application. Having trouble registering? Check out this simple tutorial.

Make sure you review the application questions and start drafting your responses.

Remember the Co-op Program is looking for what makes you stand out from the crowd. Include enough detail in your answers to showcase who you are, what experience you have and why we should choose you. A list of achievements is a good start, but an explanation about how these achievements have helped you grow as an individual is much better!

<https://www.coop.unsw.edu.au/apply>

UNSW Law Admission Test (LAT)

If you're a domestic applicant and would like to study the Bachelor of Laws at UNSW, you'll need to sit the Law Admissions Test (LAT). Your LAT score, in addition to your academic results, such as ATAR + adjustment factors, is used in UNSW's selection process.

The 2022 LAT is on Thursday, 29 September 2022. The LAT is offered once per year and results are valid for 2 years. The LAT will be offered at in-person testing venues in Canberra and Sydney, or via remote proctoring.

Register before **5pm AEST Friday, 12 August 2022** to avoid paying a late fee.

Find out more: <https://www.unsw.edu.au/law-justice/study/undergraduate/law-admission-test>

What is UNSW Portfolio Entry?

- Art and Design
- Built Environment
- Bachelor of Information Systems at the UNSW Business School
- Engineering

Here at UNSW, we want to reward your passion, creativity and potential to succeed in your degree area. That's why we offer UNSW Portfolio Entry, which gives you the opportunity to demonstrate your passion and talent, alongside your ATAR.

If this sounds like you, we want to see your portfolio submission. It's an easy, online process, and can only ever boost your chances of admission. What you submit in your portfolio will depend on which degree you're interested in. Remember, your UNSW Portfolio Entry submission needs to be completed in addition to your UAC application.

Who: All domestic and some UAC International applicants who are applying for an eligible degree and expecting an ATAR within 10 points of the lowest selection rank for your degree (unless stated otherwise).

University of Wollongong - Early Admission

APPLICATIONS OPEN Monday 18 JULY – Friday 12 AUGUST 2022

All shortlisted applicants will be advised of their Early Admission outcomes on Monday 10 October 2022, before the NSW HSC exams commence.

UOW Early Admission is our early offer program for students completing Year 12 (Higher School Certificate or other Australian equivalents) during 2022. When you apply for Early Admission, UOW looks beyond your ATAR and considers your unique skills and experiences, alongside your Year 11 results, so you can earn an offer to uni before you sit your first exam.

Getting into UOW early means less stress for you at that time and provides you with the certainty that next year you'll be studying at a uni who knows you're more than your ATAR.

5 steps for your application

Check your eligibility. If you are studying at an Australian high school, completing the HSC, the International Baccalaureate (IB) or an equivalent, you are eligible to apply

Choose up to two courses

Complete your application online

If you are shortlisted for consideration, you will be invited to attend an interview or online session

Breathe, stress less and focus on your final exams.

Who should go to open days?

The short answer is **everyone**.

Well that is to say anyone who is planning on a tertiary education (and that includes TAFE and VET of course).

Perhaps you think that Year 12's are the only people who should go to [Open Days](#). They are definitely a large part of the target audience that's for sure, but if you're in Years 10 & 11 and thinking about Uni, you could definitely benefit from going to open days this year too.

Open Days are also for parents who'd like to know more about university. If you'd like to support your children's wishes to continue studying after high school, then go along and get amongst it all. It can actually be really handy for potential uni students to have family and friends along, someone to mull things over with later, or ask questions they might otherwise forget. You never know, parents could be inspired to take up studying again and enrol to do a course.

Mature students, friends and siblings, the doors are open for everyone.

Unless you're adamant that you'll be starting an apprenticeship or heading straight into full time work as soon as you leave high school, spending some time at open days will be a great investment of your time.

Remember, there are other options too

If you're really unable to get along to Open Days on campus, because you're already committed to work or activities, you live too far away or are looking at uni's in another state, you've still got options:

- Virtual Open Days
- Online Campus Tours
- Online Chats
- Call the future students team

5 Steps to Study in the USA

Whether you plan to pursue a short-term or full degree program in the United States, EducationUSA has the resources you need in 'Your Five Steps to U.S. Study'.

<https://educationusa.state.gov/your-5-steps-us-study>

USA – College placements and scholarships – Green Room Futures

At Green Room Futures our focus is on finding college opportunities and scholarships for general students, artists and student-athletes interested in studying in the USA. However, that is actually just a small piece of what this whole experience is all about. To us, this process is about establishing and growing genuine relationships with students and their families to inspire, mentor, educate, advise, assist, and motivate students on their unique journeys toward self-actualization in life. We pride ourselves in finding suitable and affordable US university options based on the individual we are working with. Every person is unique and every University in the US is unique, therefore the opportunities our students receive are specific to them and everything they bring to the table.

As long as you want to get a university education in the USA, we can help turn those dreams into a reality.

Australian Border Force Officer Recruit Training Program

Working for the Australian Border Force (ABF) can give you the opportunity to work across the country or the world. You will be on the front line protecting Australia’s border, whether it be:

- processing passengers at an air or seaport
- clearing cargo at an air or sea port
- clearing mail at a clearance centre
- patrolling the Australian coastline in an ABF vessel
- working at a district office
- investigating illegal border activity
- working at a detention centre
- locating and detaining unlawful non-citizens.

The Border Force Officer Recruit Training (BFORT) program is an entry level program. It prepares you for a career in the ABF.

To apply for a Border Force Officer Recruit position you must:

- be an Australian citizen – you must show evidence of this during the recruitment process
- be 18 years of age or older
- have a minimum Year 10 Certificate with a Cert IV/Diploma level qualification or Trade Certificate and/or relevant work experience

- be able to obtain an [Australian Government security clearance](#) and an [Employee Suitability Clearance](#).

BFORT positions are typically advertised twice a year, generally in May and November. However this can change due to operational priorities.

You can read all about the role and the entry requirements, as well as keeping an eye out for applications, here: <https://www.abf.gov.au/about-us/careers/a-career-with-us/entry-level>

Qantas Group Pilot Academy Applications are Open

Applications are now open

Estimates suggest that 790,000 more pilots will be required globally over the next 20 years with around one third of them in the Asia Pacific region.

To help meet the increasing need for skilled aviators in one of the fastest growing global industries we've launched the Qantas Group Pilot Academy. The Academy is part of our plans to build a long-term talent pipeline not just for Qantas, QantasLink and Jetstar, but for the industry more broadly.

As the national carrier, we have a history of attracting the best and brightest to fly for us, so we're hoping to see passionate men and women training with us at our new Academy.

The benefits of an Australian Apprenticeship

An Australian Apprenticeship refers to a qualification that is completed through working on-the-job, studying off-the-job and earning a wage. The term 'Australian Apprenticeship' covers both apprenticeships and traineeships.

Apprenticeships and traineeships are completed with a hands-on learning style, which makes them a great alternative for those who don't wish to complete traditional studies. There may be some classroom-based elements, but these are linked to things you will be doing in your job.

In this blog, AATIS explore in-depth the different types of apprenticeships and traineeships, the benefits of completing an Australian Apprenticeship and how you can start a rewarding career and earn while you're learning on the job.

Searching for your dream course

Looking for the perfect course to study? Going through every single university website and seeing if they offer the course you want can be tedious.

Thankfully, you don't have to do that. This is where [Course Seeker](#) comes in.

What is Course Seeker?

Course Seeker is a comprehensive database of tertiary courses on offer from universities and private providers across the country.

It makes it easy to find your dream course. You can filter your search by subject area, location, duration, qualification level, institution type, and more.

You can also see the entry requirements for each course, so you can work out which courses you might be eligible for in a flash.

You also get other handy info, like the course duration, whether you can study part-time, and the campuses where the course is offered.

You can also add courses to your shortlist, which lets you easily compare them when you're trying to make a decision. In your shortlist, you can also compare indicative course fees, whether or not Commonwealth Supported Places (CSPs) are available, and if there are any prerequisites, plus more.

And if you click on a course, you can see all the information you'll need, including majors, extended admissions criteria, the date the course will start next, and more.

National Skills Commission NERO Data Dashboard

The National Skills Commission (NSC) **Nowcast of Employment by Region and Occupation (NERO)** dashboard provides data on employment levels, both by job and location. It's a great way to see how the landscape of jobs has changed across Australia, and how it might change into the future.

You can search 355 occupations across 88 regions in Australia. Until now, this type of data was only readily available every five years as part of the Census. With NERO, this information is right at your fingertips.

What can you do?

The NERO dashboard lets you search for your dream job, and then see how employment in that job has changed in different areas.

It's a handy way of easily seeing trends in employment, as well as maybe even predicting future trends. You'll also see a map of Australia that shows you the different growth trends in different regions. Want even more detail? You can select a specific area and view employment trends for just that area too.

Career mapping: where to after school?

Many students are uncertain about their next steps after Year 12.

But – as Phillip Williamson, Head Teacher Careers for the NSW Government’s Educational Pathways Program, writes – it’s vital to go easy on yourself, self-reflect and do your research.

The most important thing, he advises, is to focus on your direction, not your destination.

Read all of Williamson’s practical tips for starting your career journey in the full blog here: <https://www.uac.edu.au/media-centre/news/career-mapping-where-to-after-school>
